The personality and admirable qualities of Prince Rupert are brought to life in such a way that it is hard to appreciate that almost 350 years have passed since the Civil War. That he and his soldiers accomplished so much travel in an England wilder and very different from today is quite amazing. All the smaller detail of warfare, feeding and watering troops and horses for instance, are outlined so well it is most enlightening. The follow up book following the Civil War years ...

The story of Prince Rupert of the Rhine is the romantic and colourful story of an extraordinary military commander. His father was the Winter King of Bohemia, who had lost his kingdom at the beginning of the Thirty Years War; Rupert spent his early years as a prince without a home. It is said that by the age of eight he was already showing a remarkable understanding of techniques of warfare. At fourteen he had taken

Prince Rupert of the Rhine was born in Prague in 1619, heir to a life of incredible privilege. But while he was still a baby, his father, Frederick V, lost his crown in an ill-judged battle against the Habsburg Emperor. Utterly defeated, the family was given just eight hours to flee Prague, and in their hurry to escape, the infant prince was left behind. He was only saved when a courtier conducted a final sweep of the deserted palace and found him crying, alone, on the floor of one of the rooms.

[F. T. Prince - Wikipedia](#)

Prince Rupert was very much a cavalry soldier and the Royalists may have lost the war a lot sooner had it not been for his military ability. Prince Rupert was born in 1619. He was the third son of Frederick of the Palatinate and Elizabeth, the daughter of James I. Shortly after Rupert was born, his father and mother were forced out of the Palatinate and he spent a great deal of his childhood ...
