The Vampyre and Other Tales of the Macabre is a fascinating and varied collection of stories published in the UK in the early 1800s. For today's reader, the language and style may present an obstacle to enjoyment and even understanding. To me, however, the writing creates a sense of time and place that enhances the richness and even the timelessness of these tales, best read late at night by candlelight.

John Polidori's classic tale The Vampyre(1819), was a product of the same ghost-story competition that produced Mary Shelley's Frankenstein. The present volume selects thirteen other tales of mystery and the macabre, including the works of James Hogg, J.S. LeFanu, Letitia Landon, Edward Bulwer, and William Carelton.
